The New Decodable

What Is TERL Phonics All About?

TERL Phonics has been developed specifically for emerging teen readers who are developing their decoding skills. Written at emergent and beginning reader levels, the books have been carefully controlled to showcase phonics skills, beginning with CVC words and progressing through long vowels. Accompanied by dynamic full-color photos, the engaging storylines are teen-centric and represent a wide variety of genres.

Each level features eight 16-page books, six fiction and two nonfiction. Each book also includes a Word List, organized by phonics skills. Vocabulary-building words are highlighted in the text. A Teacher's Guide supports each book with a lesson plan, vocabulary-building activities, guided reading questions, reproducible activities focusing on phonics skills and comprehension, plus a quiz.

These newest books in the *Teen Emergent Reader Libraries* are the perfect supplement to any phonics-based program and help teachers of older students reinforce decoding skills while nurturing the love of reading.

TextConnections

Reading Intervention to Build Comprehension and Critical Reading Skills

Scaffolded Instruction

Grades: 6 to 12

This program was designed for adolescents who have mastered basic phonics and decoding but lack solid comprehension and critical thinking skills. *TextConnections* focuses on comprehension strategies and skills and includes vocabulary, fluency, writing, and independent reading. By mastering these skills, your students may become engaged, competent readers of the kinds of text they must understand for success in their academic, personal, and professional lives.

All instructional approaches and learning tasks are based on seven key principles: scaffolded instruction, guided inquiry, metacognitive strategies, cooperative learning, memory connections, individualized learning, motivation and engagement. Student performance is assessed formally through reading passages followed by multiple-choice, short-answer, and open-response test items. Other assessments include oral reading fluency, progress-monitoring graphs, quick writes and writing projects, and vocabulary journals.

Handbooks

Combining practical content with visual appeal, the 21st Century Lifeskills handbooks read more like a magazine than a book. Highly readable with full-color photographs, a smaller trim size (6" x 9"), and an eye-popping layout, these 120-page student handbooks (SH) are great for teaching life skills to a twenty-first century population without the appearance of a textbook. The 10 handbooks in this series will provide readers a thorough and non-threatening introduction to the multi-dimensional competencies, concepts, and vocabulary they need to achieve independence. Used alone or in conjunction with the activity-based 21st Century Lifeskills worktexts, these handbooks offer students a unique and visual way to achieve real-world literacy.

WOW REVIEW!

"This aptly named series is a goldmine of useful, practical information that older teens and young adults need to live productive and organized lives." —*School Library Journal*

Dark Man

Low-Level Graphic Novels

RL: 1.0 to 3.0 | Grades: 5 to 12, YA | Lexile: 380L to 670L

Themes: Good versus evil

The first twelve titles in the *Dark Man* series are 36-page books designed for young adult struggling readers and nonreaders who probably have never successfully managed to read a book. The second twelve titles are 48-page books with a slight degree of progression over the Blue and Orange series.

The story text is short and simple but not patronizing. Stories are gritty, full of tension and mystery. The language is terse. The Dark Man is a serious comic hero with his own mythology. Each book is a self-contained story, but each story is a part of a greater whole.

The books can be read in any order. The Blue and Orange Series range from 220 to 420 words (RL 1.0 to 2.0). The Green and Yellow series are 1000 words each (RL 2.0 to 3.0).

Differentiated Classics

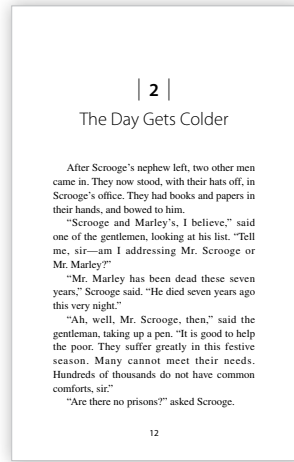

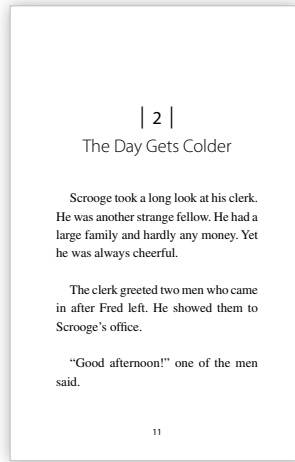

Adapted Classics at Two Low Levels

RL: 1.0 to 2.0 | Grades: 5 to 12, YA | Lexile: 140L to 250L

We've taken our Timeless Classics and Shakespeare and made them even more accessible. Words and phrases that may have stumped emergent readers have been eliminated. We recognize that students in the same classroom may not have equivalent reading skills, which is why the two levels appear virtually identical—

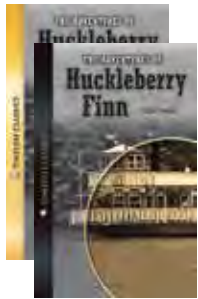

on the outside. Inside it's a whole different look, with a larger font and extra white space, making these stories visually appealing with the aim to improve reading comprehension, fluency, and confidence. Classic fiction is 80 pages and classic Shakespeare is 110 pages.
