# Award-Winning Books

A New Level of Sight Words-Based Texts for Teens

## What Is TERL All About?

The *Teen Emergent Reader Libraries*® have been developed to solve the issue of motivating the most struggling teen readers to pick up a book and start reading. The first three libraries are written at the emergent and beginning reader levels. SOAR, the *Teen Early Fluency Library*™, is the newest addition to TERL. It introduces readers to longer fiction and bridges the gap between emergent reading and early fluency. The books offer mature, teen-centric storylines that entice teens to read. Formatted as 48- to 64-page books, these fiction and nonfiction selections look similar to other teen novels and feature photographs to reflect a contemporary, age-appropriate tone. In addition, each book is supported by a lesson plan, guided reading questions, a reproducible comprehension activity, and a quiz. The books, combined with the instructional support, provide the perfect solution for today's teacher who has to differentiate instruction to meet the needs of all learners while teaching on-grade-level concepts.

## Designed Specifically for:

- Middle School and High School Students Struggling to Read
- Students with Learning Differences and Special Needs
