

EMERGE [1] Realistic Life

The Test

by PJ Gray

Kat came home with the

test kit.

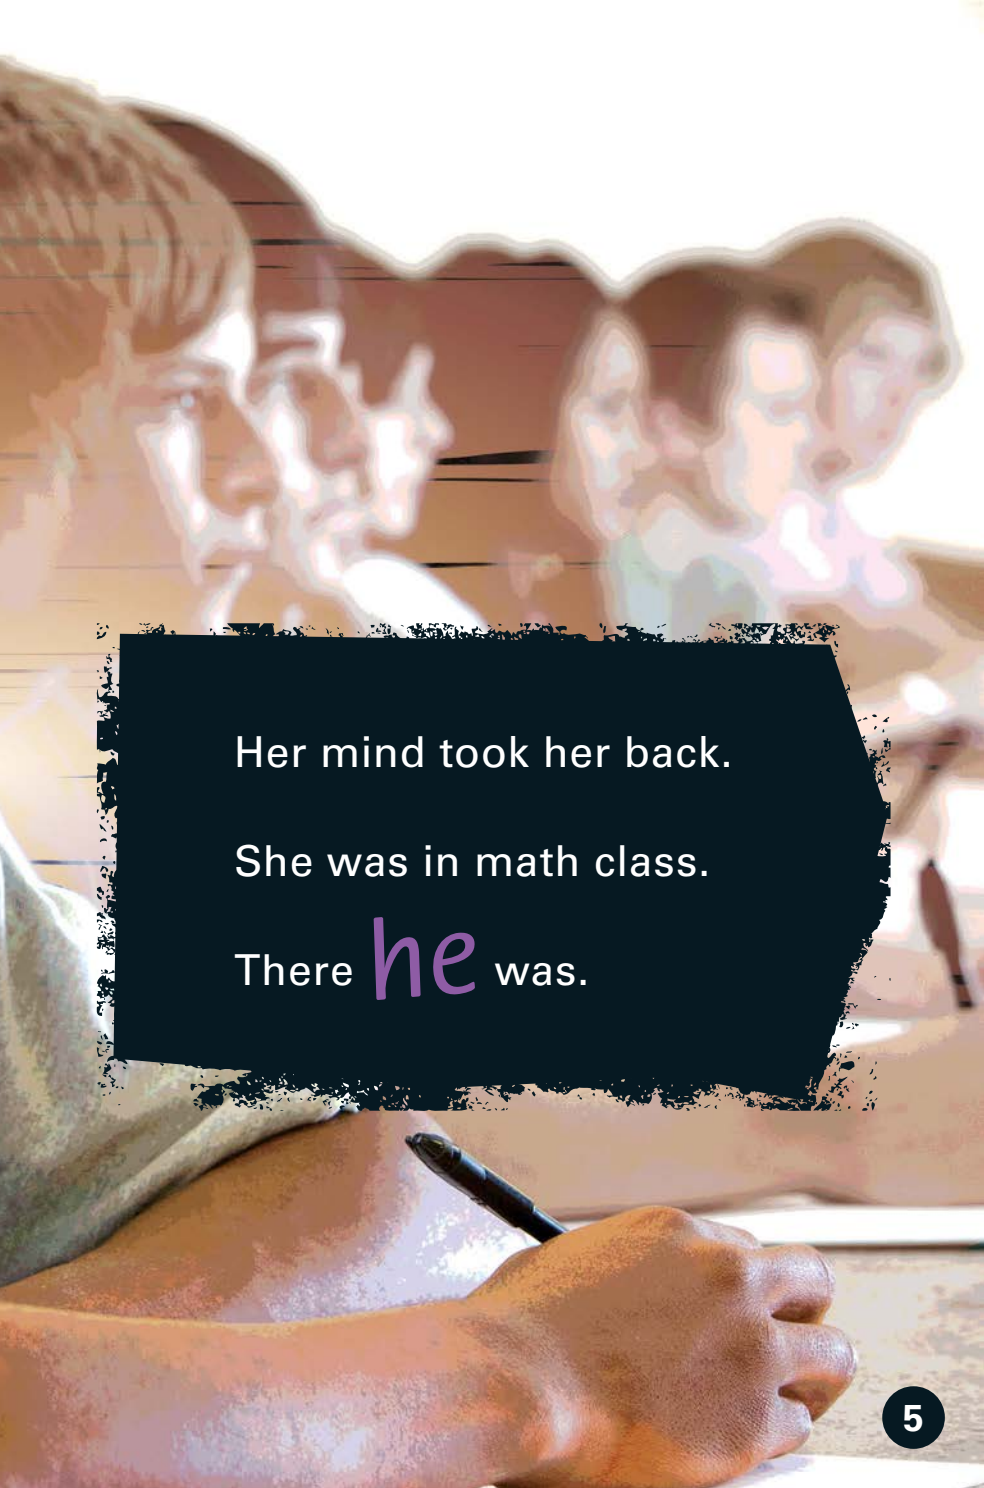

She went to her room.

She sat on the bed.

She sat for a long time.

Her mind took her back.

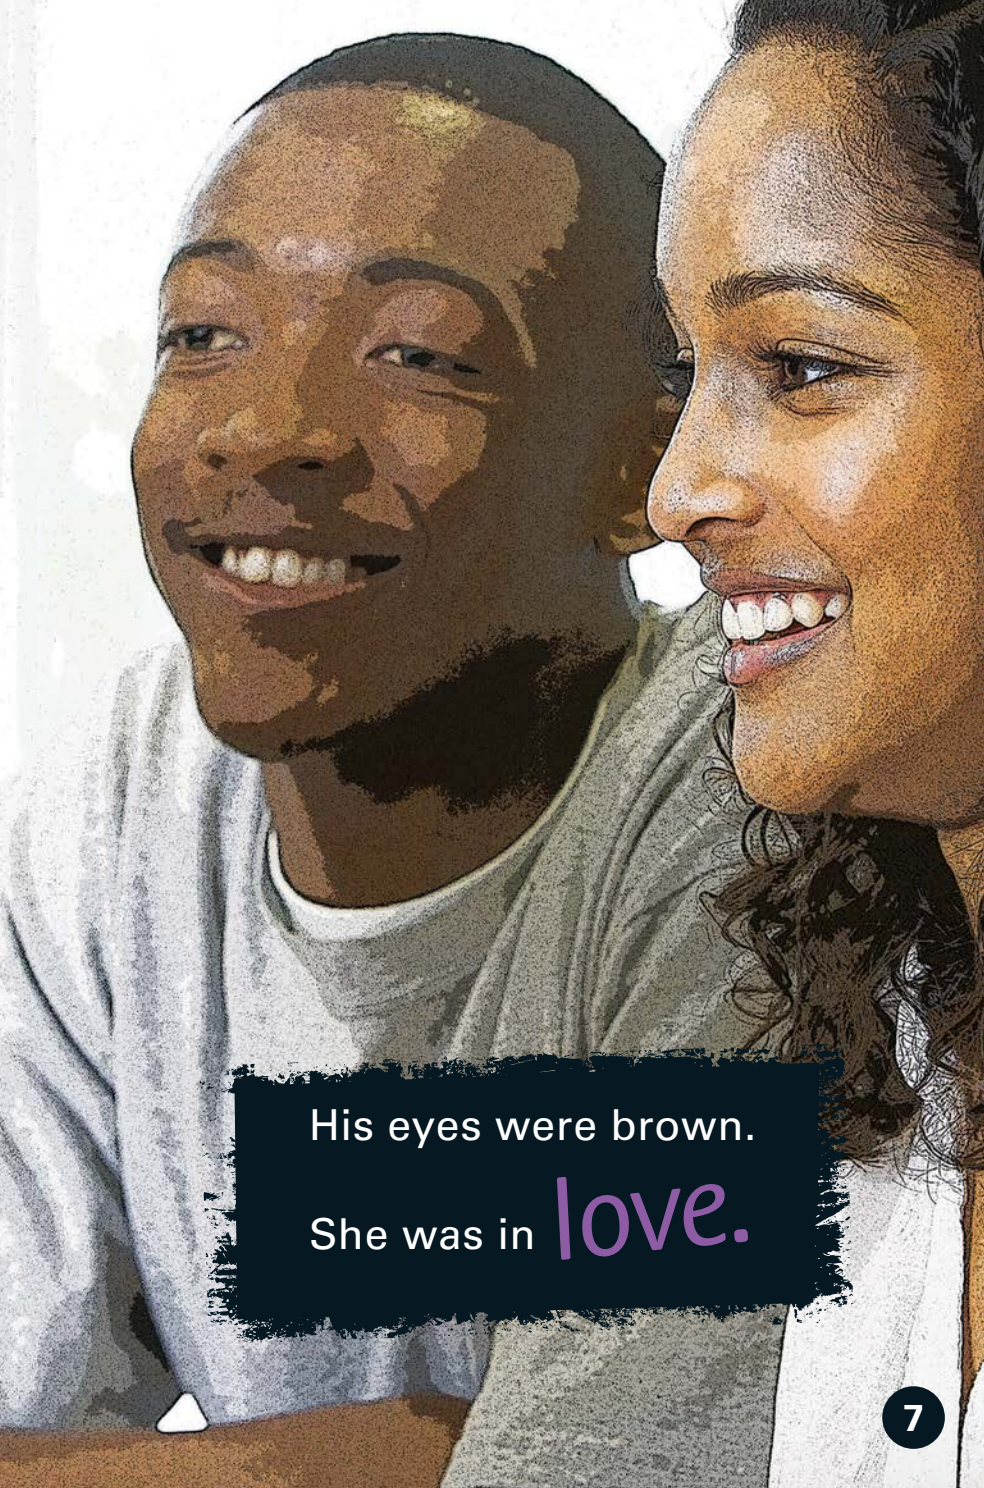

She was in math class.

There **he** was.

He sat next to her.
"Hi, I'm Dan."

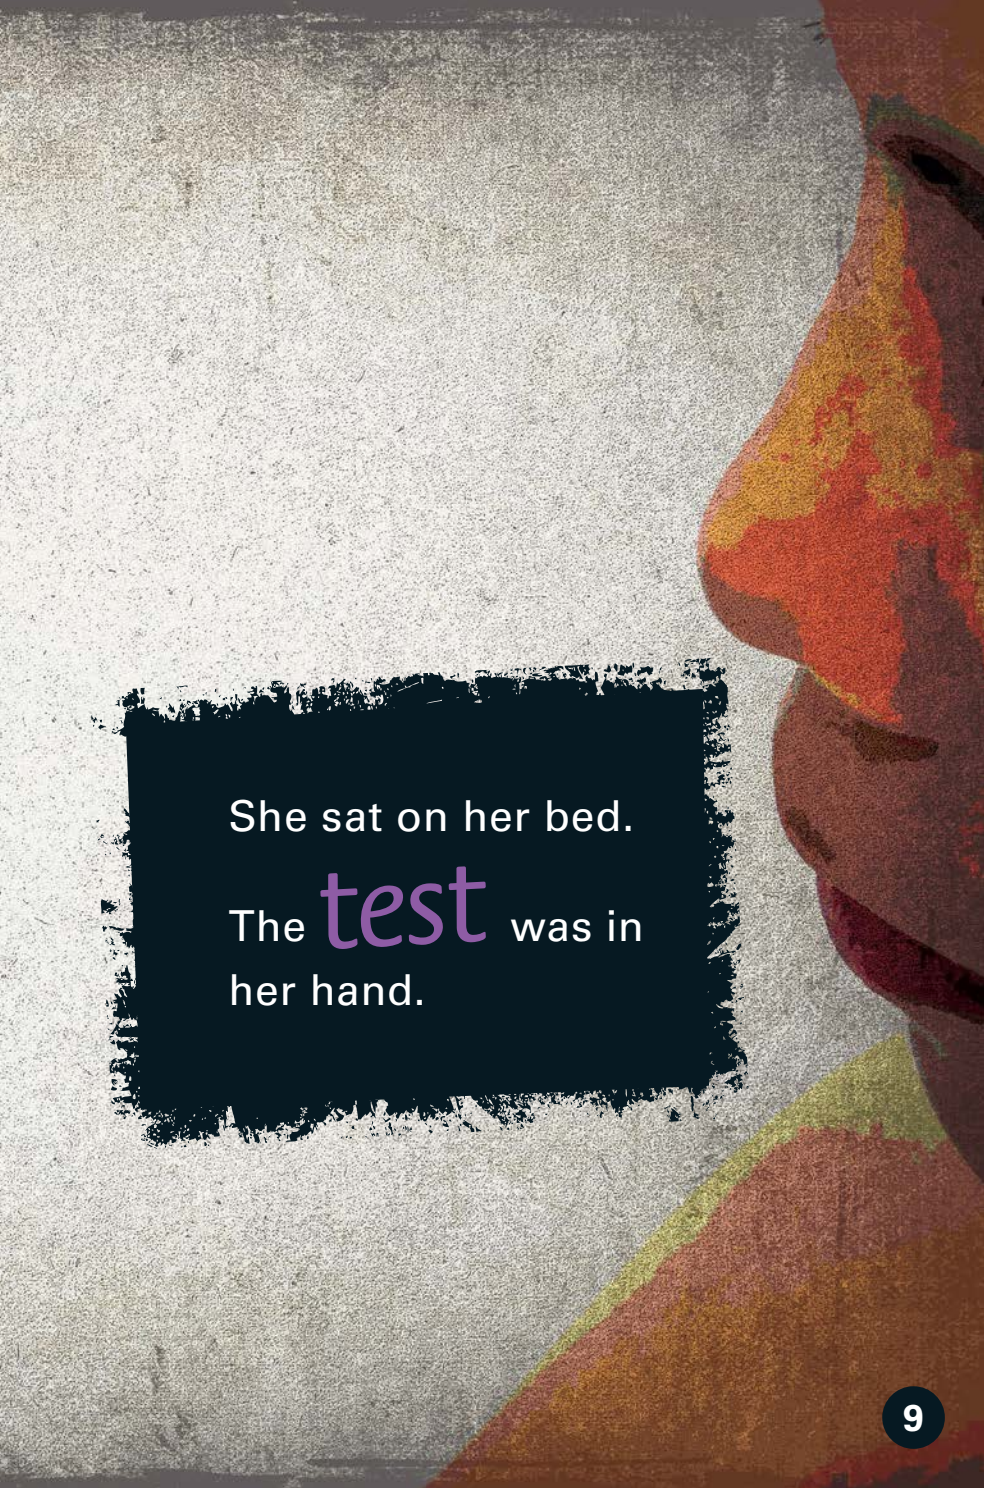

She saw his
smile.

His eyes were brown.

She was in **love.**

She sat on her bed.

The *test* was in
her hand.

Her mind took her back.
She saw Dan in the hall.
He saw her.

“You are
fine,” he said.

“Tell me your name.”
She ran to class.
