[1]
DECODE

TERL Phonics has been developed specifically for emerging teen readers who are developing their decoding skills. Written at emergent and beginning reader levels, the books have been carefully controlled to showcase phonics skills, beginning with CVC words and progressing through long vowels, r-controlled vowels, digraphs, and multisyllabic words. Accompanied by dynamic full-color photos, the engaging storylines are teen-centric and represent a wide variety of genres.

Each level features eight 16-page books, six fiction and two nonfiction. Each book also includes a Word list, containing used sight words and organized by phonics skills. Vocabulary-building words are also highlighted in the text. A Teacher's Guide supports each book with a lesson plan, vocabulary-building activities, guided reading questions, reproducible activities focusing phonics skills and comprehension, plus a quiz.
