

GO! EMERGE ARTS

# MOVES

A person wearing a green hoodie with an orange graphic, blue jeans, and white sneakers is captured in a dynamic dance pose. They are leaning forward with arms extended and legs in a wide stance. The background is a textured, grey wall. The word "MOVES" is overlaid in large, white, 3D-style letters. Two thin white lines intersect behind the text.

It is lunch at last.  
Will runs out.  
He goes to their spot.

Kim is there.  
"Hi," she says.  
**"Watch."**

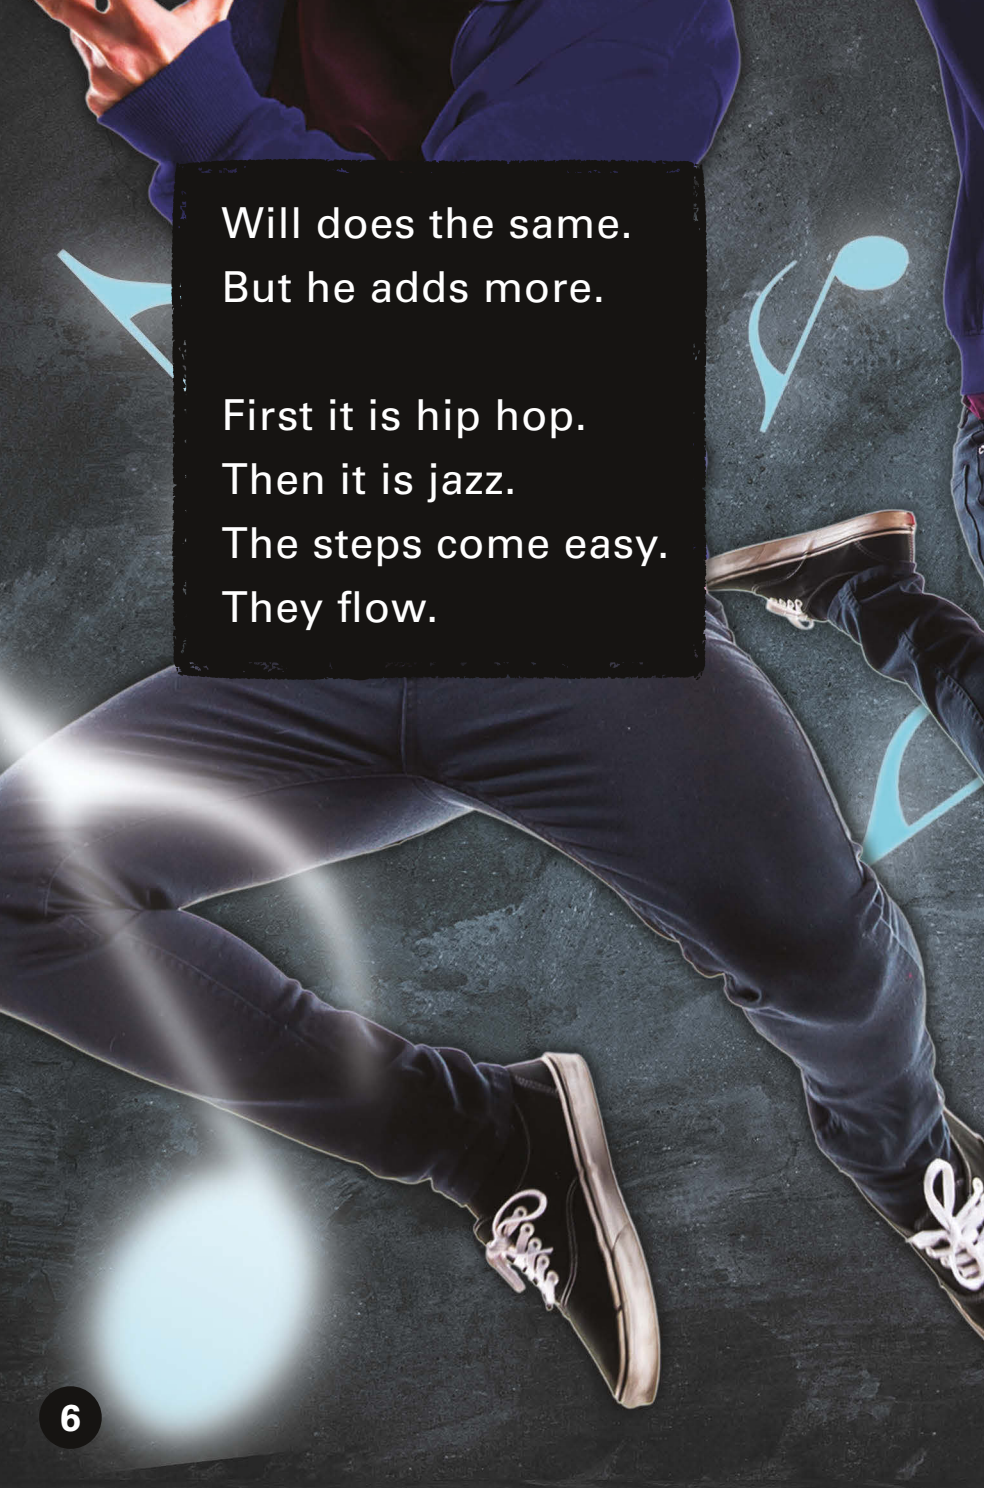

Kim starts to **dance**.  
Her arms snap.  
She slides her feet.  
Her chest pops.

Will grins.  
"The moonwalk.  
Nice!"

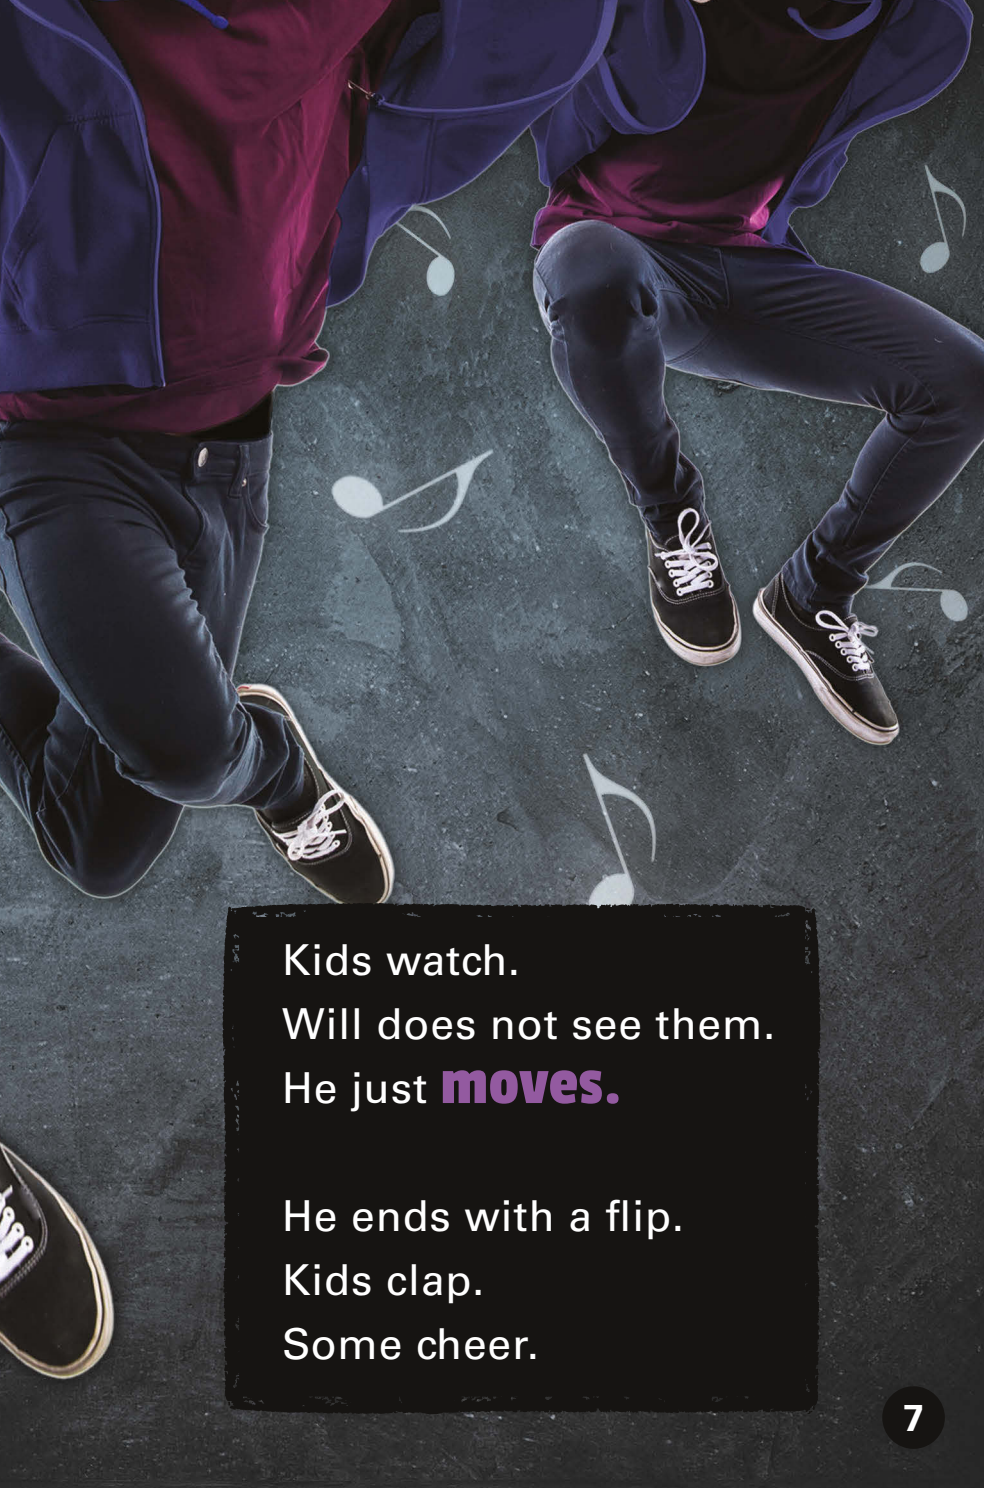

Will does the same.  
But he adds more.

First it is hip hop.  
Then it is jazz.  
The steps come easy.  
They flow.

Kids watch.  
Will does not see them.  
He just **moves.**

He ends with a flip.  
Kids clap.  
Some cheer.

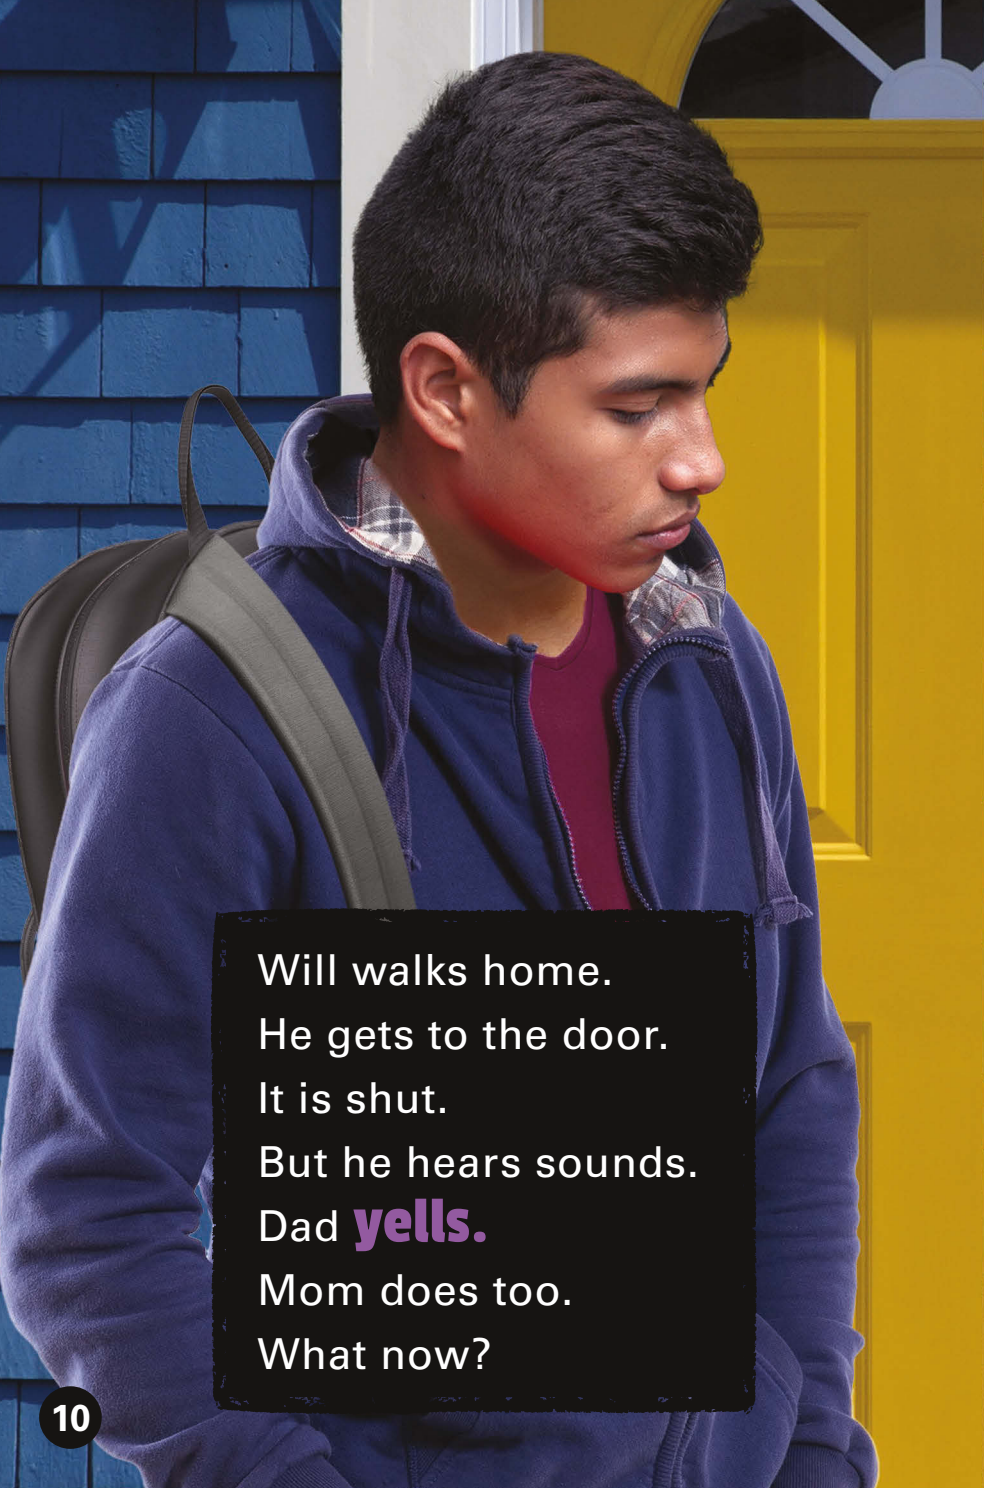

A young man with dark hair, wearing a maroon shirt and a blue jacket, is smiling and waving his right hand. A young woman with dark hair in braids, wearing a light pink shirt, is also smiling and waving her right hand. They are both looking towards the camera. The background is a bright blue sky with wispy white clouds.

Kim walks over.  
"That was great.  
You were into it."

Will pants.  
He **feels good.**  
"Thanks.  
You were good too."

Will walks home.  
He gets to the door.  
It is shut.  
But he hears sounds.  
Dad **yells**.  
Mom does too.  
What now?

Will steps in.

Mom sees him.

"You!" she yells.

She holds a paper.

"School of the arts?

Who will pay?

Not us."

GO! EMERGE | INSECTS/ARACHNIDS/REPTILES NF

# SPIDERS

They are dark.  
Some jump.  
Others run fast.  
Many find them **scary.**

There are 40,000 kinds.  
They live **all over**.  
Hot spots have them.  
Cold ones do too.

These are **not bugs.**

Bugs have six legs.

Some have wings.

Look.

These have eight legs.

None have wings.

They have eyes.

There are many.

Each one does a job.

Some warn.

Others find food.

They make **silk**.

It is light.

But it is strong.

Silk is in webs.

It acts like glue.

Bugs hold fast.

Then they are food.

Webs show hard work.  
They are like art.  
Some take pics.  
They think webs are pretty.

The moms use silk.  
They make beds.  
These are for **eggs**.  
A mom may lay 1,000.  
She makes a sack.  
It holds the eggs.
