Topic-Based Books to Help Tween Immigrants Thrive

GO! WELCOME NEWCOMERS

Supports Newcomers in Adjusting Socially, Emotionally, and Academically

About GO! Welcome Newcomers®

The GO! Welcome Newcomers® library introduces life in the United States to immigrant tweens. As these students learn English and adapt to living in a new country, they must also learn to fit in academically and socially. Developed around 14 key topics, this program gives recent immigrants relevant information at an accessible reading level supported by full-color photographs. Featuring diverse characters in contemporary settings, the books resonate with newcomers in upper elementary and middle school.

Each topic is covered by a pair of books, one nonfiction and one fiction. *GO! Welcome Newcomers®* places special emphasis on building vocabulary because research indicates the importance of vocabulary acquisition for students learning English. Survival words related to each topic are highlighted in the books, with definitions provided in text boxes on the page for easy reference. These same words are featured on the full-color vocabulary cards and in the Teacher's Guide included in the box.

Key Product Features:

- Accessible text with low readability and photographs on every page for comprehension support
- Progress monitoring in the form of summative assessments for every topic and a program checklist

TWEEN EMERGENT READER LIBRARIES™

Accessible Text for Tweens Learning to Read

About Tween Emergent Reader Libraries®

Like the award-winning Teen Emergent Reader Libraries®, known as TERL (see pages 58–65), the new Tween Emergent Reader Libraries™ will motivate struggling readers to pick up a book, start reading, and keep reading. But this new series features topics and genres particularly of interest to upper elementary and middle school students. Planned as a three-box set, with books written at emergent and beginning reader levels, this unique new collection contains the books you have been searching for: high-interest fiction and nonfiction selections in sets that include both literary genres and content-specific themes.

Because these books are designed for ages 10 to 14, the storylines presented are not as mature as the TERL collections but still remain contemporary, relevant, and enticing. The first boxed set, *GO! Emerge*, includes 48-page books written at true emergent levels, with full-color photographs on every page to support comprehension and engage struggling readers. Each leveled box gradually increases in level and word count, allowing students to progress in reading step by step.

- Multiple levels to allow teachers to match students to their independent reading level

White Lightning Books®

Tween Fiction Chapter Books

RL: 1.5 to 2.5 | Grades: 6 to 8 | LEXILE: HL160L TO HL250L

White Lightning Books[®] addresses a wide variety of themes and interests in a narrow range of reading levels, no higher than a 2.5. Students who struggle to read will often not recover from low reading achievement in elementary school if their particular interests are not addressed. Encouragement and finding the theme to "hook" them is key. These are not YA or elementary books—a fact tweens will appreciate.

Each book is approximately 100 pages with covers that will appeal to tween readers. The titles in the White Lightning series are designed in a similar style. Students will know what to expect when they pick up a book: a fast-paced story, mature and age-appropriate topics, short chapters, and achievable reading success.

The SEL Teen Literacy Library™ is a unique solution that uses nonfiction and fiction to help teens think about and discuss topics critical to successful social interactions and emotional health. Organized around 12 key SEL topics that cover both self-awareness and social awareness, this collection of Hi-Lo Books is the perfect addition to any middle or high school classroom or library.

Because recognizing and dealing with emotions is such an important aspect of social and emotional learning, emphasis is placed on 60 emotion words (5 for each topic). Each emotion is represented on a traditional vocabulary card with a photo on one side and the word and definition on the other as well as on an Emoti-Card featuring an illustration of the emotion with facial cues and gestures to help students better identify that emotion when interacting with others. Together with extensive instructional support in the form of lessons, activities, role-plays, and assessments, the books and cards in this collection provide the perfect solution to incorporating SEL instruction into content area classes.

Content-Focused Genres for Teen English Language Learners

About ELL Teen Literacy Library

The *ELL Teen Literacy Library* is a unique collection of fiction and nonfiction books aimed at middle school, high school, and adult English language learners, including newcomers. Many of these learners struggle with reading and a limited English vocabulary. This makes it difficult to do well in content-area classes where textbooks are often written above grade level. For this reason, the *ELL Teen Literacy Library* focuses on social studies, math, and science topics in books written at accessible levels. Each engaging fiction and nonfiction book features age-respectful storylines and full-color photographs on every page to support beginning readers at the secondary level.

Organized into five content-focused genres, this collection includes 20 unique titles. Each genre includes three fiction books and one nonfiction book. Special emphasis is placed on vocabulary, with five key vocabulary words highlighted in each book.

TEEN EMERGENT READER LIBRARIES®

[TERL]

About Teen Emergent Reader Libraries®

The Teen Emergent Reader Libraries® have been developed to solve the issue of motivating the most struggling teen readers to pick up a book and start reading. The three libraries are written at the emergent and beginning reader levels. Short, simple sentences along with highlighted "emphasis" words and phrases build confidence while full-color photos support comprehension.

The books offer mature, teen-centric storylines that entice teens to read. Formatted as 48- to 64-page books, these fiction and nonfiction selections look similar to other teen novels and feature photographs to reflect a contemporary, age-appropriate tone. In addition, each book is supported by a lesson plan, guided reading questions, a reproducible comprehension activity, and a quiz. The books, combined with the instructional support, provide the perfect solution for today's teacher who has to differentiate instruction to meet the needs of all learners while teaching on-grade-level concepts.

Libraries for Developing Readers, The Next Step in Fluency

TEEN EARLY FLUENCY LIBRARIES®

ITEFLI

About Teen Early Fluency Libraries®

The Teen Early Fluency Libraries® build on the reading base of the Teen Emergent Reader Libraries® (see pages 58-65). These books introduce readers to longer fiction and bridge the gap between emergent reading and early fluency. By the time older developing readers approach a second-grade reading level, they have a handle on the most basic literacy skills. They are ready to increase their fluency so that text flows and makes more sense. Fluency is closely tied to comprehension.

In these boxed sets, book lengths have been increased so there is more practice for readers who are gaining confidence and building their vocabulary. Instead of photos on every page, the photos appear every few pages in the fiction and every other spread in the nonfiction. Each boxed set increases by half a reading level so that students can continue to make progress step by step.

Five unique handbooks comprise this American Government series. With the confusing political discourse in today's world, it's no wonder kids tune out. How can we tune them back in? The stale descriptions in standard American government textbooks do nothing to motivate learning. The readability is too high and the language too dry. How can we make it personal? Accessible? Interesting? Even humorous?

We've taken our Timeless Classics and Timeless Shakespeare and made them even more accessible. Words and phrases that may have stumped emergent readers have been eliminated. We recognize that students in the same classroom may not have equivalent reading skills, which is why the two levels appear virtually identical—on the outside. Inside it's a whole different look, with a larger font and extra white space, making these stories visually appealing with the aim to improve reading comprehension, fluency, and confidence. Classic fiction is 80 pages and classic Shakespeare is 110 pages.
