## SOCIAL EMOTIONAL STORIES™

### Topic-Based Book Pairs with Different Outcomes to Build Social Skills

RL: 1.6 to 2.4 | Grades: 4 to 8 | LEXILE: HL230L TO HL300L

#### Boxed Set Includes:

24 Topic-Based Books (1 each of 24 titles)

- ▶ 12 Fiction Pairs (each pair features one book showing a tween navigating the skill successfully and one book featuring a tween who struggles with the skill)

#### About GO! SEL Social Emotional Stories™

Build students' social and emotional learning skills with these engaging 48-page fiction books. Each pair focuses on an important SEL topic from a relatable tween perspective. One book in each pair showcases a middle school student successfully applying the skill. The other book features a main character who struggles with the skill and has to deal with the fallout. When read together, the pairs provide students with a basis for discussion about the topic and how it can affect their day-to-day life.

Like the *SEL Teen Literacy Library™* (see pages 20–23), six topics focus on self-awareness and managing one's own moods and attitudes, and six topics focus on social awareness and managing relationships with others. These books are original stories featuring tweens and are most appropriate for upper elementary and middle school classrooms.

Each pair features five emotion vocabulary terms for a total of 60 words. Vocabulary words are highlighted on the page where they first appear in the text and are listed with their definitions in the glossary at the back of each book. These words are also featured in the Emoti-Cards (sold separately).

#### Build Students' Mastery of Emotions with Emoti-Cards (Sold Separately)

Each of the 60 full-color Emoti-Cards features an illustration with callouts to facial cues and gestures that indicate someone may be feeling the emotion. Featuring the same emotions, moods, and attitudes bolded in the books, the Emoti-Cards provide a road map to the nonverbal clues people often exhibit that reveal their inner feelings.

# Emergent Sight Words-Based Libraries Designed for Tweens

TWEEN EMERGENT  
READER LIBRARIES®

## About Tween Emergent Reader Libraries®

Like the award-winning *Teen Emergent Reader Libraries*®, known as TERL (see pages 40–47), the new *Tween Emergent Reader Libraries*® will motivate struggling readers to pick up a book, start reading, and keep reading. But this new series features topics and genres particularly of interest to upper elementary and middle school students. Planned as a three-box set, with books written at emergent and beginning reader levels, this unique new collection contains the books you have been searching for: high-interest fiction and nonfiction selections in sets that include both literary genres and content-specific themes.

Because these books are designed for ages 10 to 14, the storylines presented are not as mature as the TERL collections but still remain contemporary, relevant, and enticing. The first boxed set, *GO! Emerge*, includes 48-page books written at true emergent levels, with full-color photographs on every page to support comprehension and engage struggling readers. Each leveled box gradually increases in level and word count, allowing students to progress in reading step by step.

## TEEN LITERACY LIBRARY™

Nonfiction and Fiction with a  
Focus on  
Emotion Vocabulary

### About SEL Teen Literacy Library™

With the increase in digital forms of communication and the increased pressures of today's world, schools are facing new challenges in supporting students and helping them learn social and emotional skills. The *SEL Teen Literacy Library*™ is a unique solution that uses nonfiction and fiction to help teens think about and discuss topics critical to successful social interactions and emotional health. Organized around 12 key SEL topics that cover both self-awareness and social awareness, this collection of Hi-Lo Books™ is the perfect addition to any middle or high school classroom or library.

Because recognizing and dealing with emotions is such an important aspect of social and emotional learning, emphasis is placed on 60 emotion words (5 for each topic). Each emotion is represented on a traditional vocabulary card with a photo on one side and the word and definition on the other as well as on an Emoti-Card featuring an illustration of the emotion with facial cues and gestures to help students better identify that emotion when interacting with others. Together with extensive instructional support in the form of lessons, activities, role-plays, and assessments, the books and cards in this collection provide the perfect solution to incorporating SEL instruction into content area classes.

### About ELL Teen Literacy Library

The *ELL Teen Literacy Library* is a unique collection of fiction and nonfiction books aimed at middle school, high school, and adult English language learners, including newcomers. For this reason, the *ELL Teen Literacy Library* focuses on social studies, math, and science topics in books written at accessible levels. Each engaging fiction and nonfiction book features age-respectful storylines and full-color photographs on every page to support beginning readers at the secondary level.

Organized into five content-focused genres, this collection includes 20 unique titles. Each genre includes three fiction books and one nonfiction book. Special emphasis is placed on vocabulary, with five key vocabulary words highlighted in each book.

## About Teen Emergent Reader Libraries®

The *Teen Emergent Reader Libraries*® have been developed to solve the issue of motivating the most struggling teen readers to pick up a book and start reading. The three libraries are written at the emergent and beginning reader levels. Short, simple sentences along with highlighted “emphasis” words and phrases build confidence while full-color photos support comprehension.

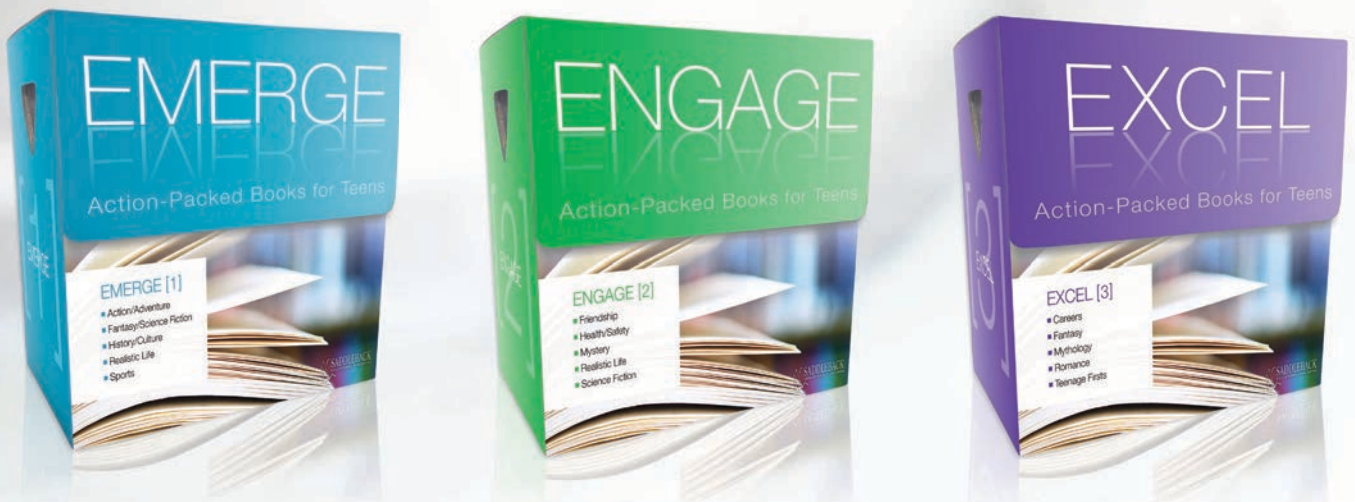

The books offer mature, teen-centric storylines that entice teens to read. Formatted as 48- to 64-page books, these fiction and nonfiction selections look similar to other teen novels and feature photographs to reflect a contemporary, age-appropriate tone. In addition, each book is supported by a lesson plan, guided reading questions, a reproducible comprehension activity, and a quiz. The books, combined with the instructional support, provide the perfect solution for today’s teacher who has to differentiate instruction to meet the needs of all learners while teaching on-grade-level concepts.

**Genre: Friendship**

**Overview of Books**

**INTRODUCING THIS GENRE** Create a social wall with the students. Write the word "friendship" on the board and have it read aloud. Then ask students to list all words they think of when they think about what it means to be a friend (e.g., loyalty, helping, hanging out, helping, talking). Ask students to come forward they read and share their list and when the next chapter has a friend or friends that get involved in the situation. Show the covers and title of the four books to the class and have students guess what each one is about. Explain that they will make a book of friendship and what it means.

**REPRODUCIBLE BOOKS** Assign partners and have students talk about the following questions:

- What does it mean to be a friend?
- When is a friend not a friend?
- Are friends ever required to help? Why or why not?

Encourage partners to share which book in the set holds the most interesting to read. Have them guess what that book might have to do with friendship.

# Libraries for Developing Readers, The Next Step in Fluency

TEEN EARLY  
FLUENCY LIBRARIES®

[TEFL]

Builds Confidence and  
Helps Students Become  
Independent Readers

## About Teen Early Fluency Libraries®

The *Teen Early Fluency Libraries*® build on the reading base of the *Teen Emergent Reader Libraries*® (see pages 40–47). These books introduce readers to longer fiction and bridge the gap between emergent reading and early fluency. By the time older developing readers approach a second-grade reading level, they have a handle on the most basic literacy skills. They are ready to increase their fluency so that text flows and makes more sense. Fluency is closely tied to comprehension.

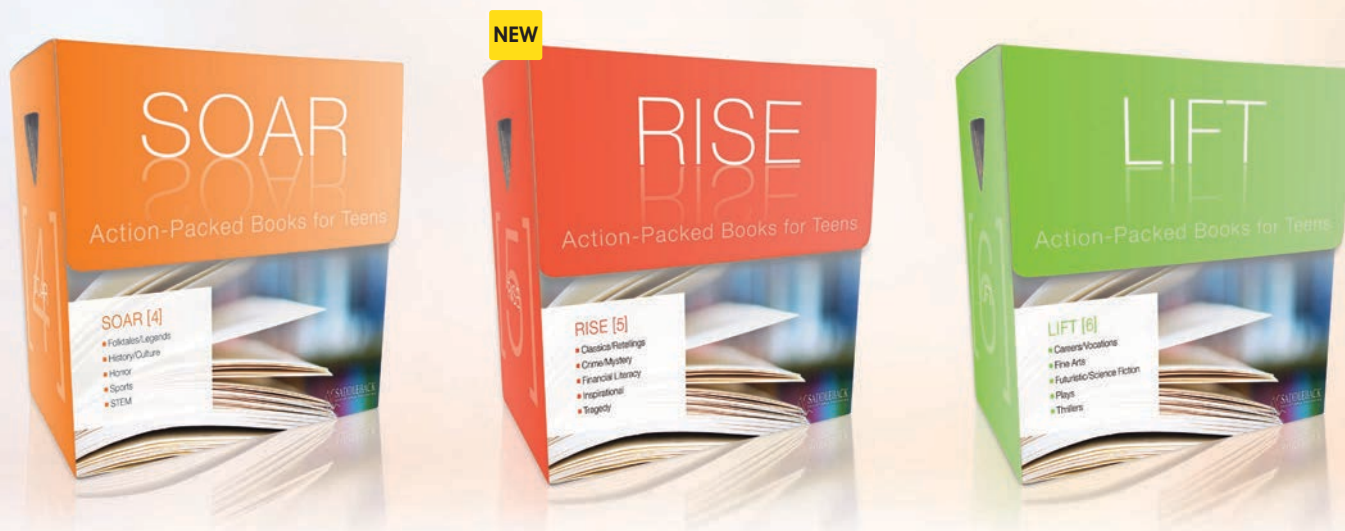

In these boxed sets, book lengths have been increased so there is more practice for readers who are gaining confidence and building their vocabulary. Instead of photos on every page, the photos appear every few pages in the fiction and every other spread in the nonfiction. Each boxed set increases by half a reading level so that students can continue to make progress step by step.

## Key Product Features:

- ▶ Progress monitoring in the form of summative assessments for every book
- ▶ Three levels so developing readers build fluency and increase confidence
- ▶ Mature, engaging content
- ▶ Extensive teaching support for every book
- ▶ Builds critical reading components: comprehension, vocabulary, and fluency
- ▶ Fiction and nonfiction genre sets for literature study

## Designed Specifically For:

- ▶ Upper Middle School and High School Students Struggling to Read
- ▶ Students with Learning Differences and Special Needs
- ▶ Secondary English Language Learners and Newcomers

## Fast Fact

Reading fluency strategies can be used to help increase overall reading comprehension.

Teacher's Guide

### Genre: Folktales/Legends

**DESCRIPTION:** Folktales is a collection of tales, ballads, and myths passed from person to person, often in spoken form. As we learn from all popular fiction, folktales center many of their themes on elements of emotional drive, imagination, discovery, and moral lessons. Because their purpose is to entertain, folktales often include dramatic events and fantastical content such as talking animals, magic spells, and so on. To distinguish folktales from other fiction, folktales are often passed down through generations and are often based on oral tradition. The events in the stories, however, are often exaggerated. The set of books includes folktales from Africa and Hawaii, as they tell from Europe, as well as a traditional account of an Irish legend.

**Overview of Books**

**INTRODUCING THIS GENRE:** Write on the board the legend, Cinderella, and explain that it means "magic." Underline the title and ask students what the word means (magic). Tell students that a folktale is a story passed down from person to person, often in spoken form. Read out loud long sentences. Read aloud, emphasizing that the repetition of words and phrases is a key feature of folktales. Ask students to identify characters, setting, events, and to bring elements such as talking animals, magic spells, and make-up elements such as suspense and climax. Ask students to write an ending to the story in which the main character is said to live "happily ever after."

**GENRE CONNECTION:** Show students the cover and title of the book Anansi and the Stories and have them guess what each one is about. Explain that the three fiction stories include talking animals and events that could not happen in real life. The nonfiction book describes an Irish legend who brought on St. Patrick's Day.

**PARTICIPATION:** Assign partners and have pairs share any folktales they know. Have them read or know about. Then ask pairs to choose one of the folktale titles in this set. Have them describe the kinds of characters and events they might encounter in a book with the title.

Teacher's Guide

**Genre: Classics/Retellings**

**DESCRIPTION:** This is a collection of folk tales, legends, and fables passed from parent to parent, often in spoken form. An oral tradition of popular fiction, folklore contains many of the key elements well understood and recognized by children and adults alike. Because the stories are so popular, they have been retold in many different ways and formats, such as books, movies, and TV. To add interest and variety, these folk tales have been retold in many different ways, such as in a contemporary setting or with a modern twist. Some have been retold in a way that is more serious, while others are more humorous. The stories in this genre are often very popular and are often used to teach children about values and morals.

**Overview of Books**

*Charlotte's Web* | *Book Thief* | *Charlotte's Web* | *Charlotte's Web*

**INTRODUCING THIS GENRE:** Give students the opportunity to explore the genre and explain that it means "people." Underline the title and ask students what the word means (people). Ask students to think of a folk tale or story passed along from parent to parent, often in spoken form. Read the first few paragraphs of the book. Discuss with students the genre of entertainment. Many folktales include humor and heroic characters, exciting events, and fantasy elements, such as talking animals, magic spells, and wish-fulfilling creatures like unicorns and dragons. Follow-up often these exciting endings in which the main character is said to live "happily ever after."

**SHOW STUDENTS THE COVER AND TITLE OF THE BOOKS IN THE SET AND HAVE THEM GAZE AT EACH ONE AS YOU DISPLAY THEM. THE FRONT COVER IMAGES INCLUDE TALKING ANIMALS AND WAYS THAT COULD NOT HAPPEN IN REAL LIFE. THE FRONT COVER DESCRIBES AN INTERESTING TRIP TO A PLACE OR TO A FANTASY CITY.**

**PARTNER SHARE:** Assign partners and have pairs share any folktales or fairy tales that have been read or heard about. They will gain a chance to choose one of the books titles in this set. Have them describe the book or characters and events they might encounter in a book with this title.
