About Tween Emergent Reader Libraries® Phonics

Tween Emergent Reader Libraries® Phonics has been developed specifically for emerging readers in grades 4–8 who are developing their decoding skills. The series is also useful for newcomers with no prior English language skills. Written at emergent and beginning reader levels, the books have been carefully controlled to showcase phonics skills, beginning with CVC words and progressing through long vowels, consonant digraphs, vowel diphthongs, and multisyllabic words. Accompanied by dynamic full-color photos, the engaging storylines are tween-centric and represent a wide variety of genres.

Each level features eight 16-24 page books, six fiction and two nonfiction. Each book also includes a Word List, organized by phonics skills. Vocabulary-building words are highlighted in the text. A Teacher's Guide supports each book with a lesson plan, vocabulary-building activities, guided reading questions, reproducible activities featuring phonics and comprehension skills, plus a quiz.

TWEEN EMERGENT **READER LIBRARIES®**

[Twerl]

Accessible Text for Tweens Learning to Read

About Tween Emergent Reader Libraries®

Like the award-winning Teen Emergent Reader Libraries®, known as TERL (see pages 104-111), the Tween Emergent Reader Libraries® was created for a younger reader who needs practice with basic reading skills. This collection of books is gently scaffolded through each box, and features topics and genres particularly of interest to upper elementary and middle school students. Because these books were developed for ages 10-14, the storylines presented are not as mature as the TERL collections but remain contemporary, relevant and enticing.

These fiction and nonfiction selections feature full-color photography on each page to support the text and are organized into five genres for literature study. The comprehensive Teacher's Guide includes lesson plans, guided reading questions, a reproducible comprehension activity, and a quiz for each book. Combining the books with the instructional support provides the perfect solution for today's educator who has to differentiate instruction to meet the needs of all learners while teaching on-grade-level concepts.

Key Product Features:

- Progress monitoring in the form of summative assessments for every book and a progress chart for daily monitoring
- ▶ Multiple levels to allow teachers to match students to their independent reading level
- ▶ Enticing fiction and nonfiction topics supported by stunning full-color photos
- Extensive instructional support for every book
- ▶ Builds critical reading components: comprehension, vocabulary, and fluency
- Three copies of every book to encourage small group literature study

Designed Specifically For:

- Upper Elementary and Middle School Students Striving to Read
- Students with Learning Differences and Special Needs
- ▶ English Language Learners and Newcomers

Content-Focused Genres for Tween English Language Learners

LITERACY LIBRARY

Literacy Across the Content Areas, Including Mathematics, Science, Social Studies, and Arts/Culture

About GO! ELL Literacy Libraries

The GO! ELL Literacy Library and GO! ELL 2 Literacy Library are unique collections of fiction and nonfiction books aimed at upper elementary and middle school English language learners, including newcomers. Many of these learners struggle with reading and a limited English vocabulary. This makes it difficult to do well in content-area classes where textbooks are often written above grade level. For this reason, these libraries focus on social studies, math, science, and arts/culture topics in books written at accessible levels. Each engaging fiction and nonfiction book features age-respectful storylines and full-color photographs on every page to support beginning readers at the secondary level.

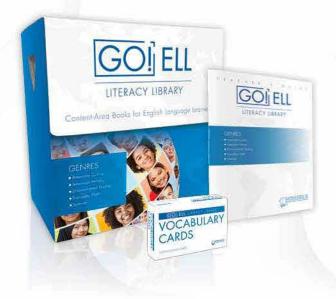

Organized in five content-based genres, each collection includes 20 unique titles. Every genre includes three fiction books and one nonfiction book. Special emphasis is placed on vocabulary, with five key vocabulary words highlighted in each book.

SOCIAL EMOTIONAL STORIES®

RL: 1.6 to 2.4 | Grades: 4 to 8 | LEXILE: HL230L TO HL300L

About GO! SEL Social Emotional Stories®

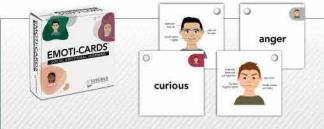

Build students' social and emotional learning skills with these engaging 48-page fiction books. Each pair focuses on an important SEL topic from a relatable tween perspective. One book in each pair showcases a middle school student successfully applying the skill. The other book features a main character who struggles with the skill and has to deal with the fallout. When read together, the pairs provide students with a basis for discussion about the topic and how it can affect their day-to-day life.

Like the GO! SEL Literacy Library (see pages 34-37), six topics focus on self-awareness and managing one's own moods and attitudes, and six topics focus on social awareness and managing relationships with others. These books are original stories featuring tweens and are most appropriate for upper elementary and middle school classrooms.

Each pair features five emotion vocabulary terms for a total of 60 words. Vocabulary words are highlighted on the page where they first appear in the text and are listed with their definitions in the glossary at the back of each book. These words are also featured in the Emoti-Cards® (sold separately).

American History with a Deep Focus on Historical Perspectives

About The Story of America Libraries

The Story of America is a unique collection of history books designed for striving readers in middle school and high school. Nonfiction handbooks are accompanied by historical fiction books with their own nonfiction backstory sections. This collection was created with much thought and consideration for the diverse peoples, cultures, and groups that built our history. The intention of this library is to share some of the stories and voices of those who helped create our nation, from its early days to current times. Seeking to provide opportunities for students to read about and learn from diverse points of view, we have focused intently on exploring a variety of perspectives throughout history.

This library is organized into two time periods. The first covers the very early days in the land that would become the United States through the end of the Civil War, and the second spans Reconstruction through 2022. For each time period, there are six nonfiction handbooks. These highlight key events during a

specific span of time while weaving in both well-known and historically underrepresented perspectives. Five historical fiction books accompany each nonfiction handbook. Each fiction book explores a moment in history from the point of view of someone who lived through it. Following the fictional account, a nonfiction section is provided to help readers understand the historical context in which the story takes place.

Designed Specifically For:

▶ Striving Readers in Grades 6–12

Each Library Includes:

- 6 nonfiction handbooks and 30 historical fiction books per time period

Topic-Based Books to Help Teen Immigrants Thrive

WELCOME LIBRARIES

Emergent and Beginning-Level Books for Newcomers. ELs and SLIFE

About the Welcome Libraries

The Welcome Libraries were created to support teen newcomers, English Learners, and those who have had a limited or interrupted formal education. Each library is topic-based and focused on giving students relevant information about life in the United States and adapting to the educational and social culture.

WELCOME NEWCOMERS FUNDAMENTALS®

Welcome Newcomers Fundamentals® is an emergent-level library developed around 14 themes for teen newcomers, as an introduction to American culture. Each book is realistic fiction on one specific topic. These books can be read independent from any library in this series but are also a wonderful building block to the Welcome Newcomers® library, which contains the same 14 topics.

WELCOME NEWCOMERS®

Welcome Newcomers® was designed for immigrant teens new to life in the United States. Developed around 14 key topics, this library includes paired fiction and nonfiction books by topic, teacher support, and Survival Vocabulary Cards. This collection gives recent immigrants relevant information as they learn about adapting both academically and socially. Each book pair includes a nonfiction book covering a key skill along with a fictional story to give real-life connection to the same skill. This library places special emphasis on 140 topic-specific vocabulary words as research indicates the importance of vocabulary acquisition for students learning English.

WELCOME SLIFE™

Welcome SLIFE™ was created for English learner teens who could be migrant students, refugees, or students who for other reasons have had limited or interrupted formal education. While

the reasons for their limited or interrupted learning may differ, their educational needs are similar. Each emergent-level book pair features a nonfiction book addressing a key topic along with a fictional story that features a real-life application of that topic. A comprehensive instructional support guide and vocabulary card set are also included for deeper learning. Special focus is given to 200 content-related vocabulary words to support vocabulary acquisition for striving readers.

WELCOME NEWCOMERS Stories™

Welcome Newcomers Stories[™] is a collection of autobiographical books taken from personal interviews with teen newcomer students. Each book is a different story from a teen who emigrated from their home country to come to the United States. A nonfiction introduction to the home country is included at the back of every book. Another important addition to this library is the Instructional Support and over 250 vocabulary cards. Both can be used to complement the stories, encourage connection between students and mutual learning.

About ELL Teen Literacy Libraries

The ELL Teen Literacy Library and ELL 2 Teen Literacy Library are unique collections of fiction and nonfiction books aimed at high school and adult English language learners, including newcomers. Many of these learners struggle with reading and a limited English vocabulary. This makes it difficult to do well in content-area classes where textbooks are often written above grade level. For this reason, these libraries focus on social studies, math, science, and arts/culture topics in books written at accessible levels. Each engaging fiction and nonfiction book features age-respectful storylines and full-color photographs on every page to support beginning readers at the secondary level.

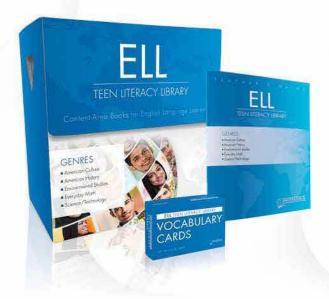

Organized into five content-focused genres, each collection includes 20 unique titles. Every genre includes three fiction books and one nonfiction book. Special emphasis is placed on vocabulary, with five key vocabulary words highlighted in each book.

TEEN LITERACY LIBRARY®

About SEL Teen Literacy Library®

With the increase in digital forms of communication and the increased pressures of today's world, schools are facing new challenges in supporting students and helping them learn social and emotional skills. Organized around 12 key SEL topics that cover both self-awareness and social awareness, this collection of Hi-Lo Books[™] is the perfect addition to any middle or high school classroom or library.

Libraries for Developing Readers, The Next Step in Fluency

TEEN EARLY FLUENCY LIBRARIES®

TEFL

Builds Confidence and Helps Students Become **Independent Readers**

About Teen Early Fluency Libraries®

The Teen Early Fluency Libraries® build on the reading base of the Teen Emergent Reader Libraries® (see pages 104-111). These books introduce readers to longer fiction and bridge the gap between emergent reading and early fluency. By the time older developing readers approach a second-grade reading level, they have a handle on the most basic literacy skills. They are ready to increase their fluency so that text flows and makes more sense. Fluency is closely tied to comprehension.

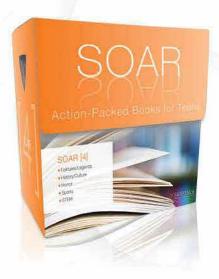

In these boxed sets, book lengths have been increased so there is more practice for readers who are gaining confidence and building their vocabulary. Instead of photos on every page, the photos appear every few pages in the fiction and every other spread in the nonfiction. Each boxed set increases by half a reading level so that students can continue to make progress step by step.

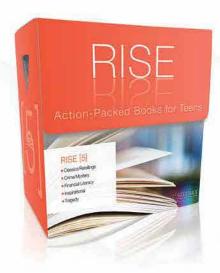

Key Product Features:

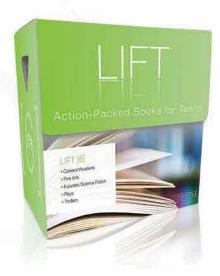

- Progress monitoring in the form of summative assessments for every book
- ▶ Three levels so developing readers build fluency and increase confidence
- ▶ Books progress through levels with fewer images per book culminating in fiction books with no images
- Extensive teaching support for every book
- ▶ Builds critical reading components: comprehension, vocabulary, and fluency
- Fiction and nonfiction genre sets for literature study

Timeless and Differentiated Classics

Low-level Adapted Classics

RL: 1.0 to 5.2 | Grades: 4 to 12, Teen and YA | LEXILE: HL140L TO HL710L

We've taken our Timeless Classics and Timeless Shakespeare and made them even more accessible. Ten of our most popular titles are offered at a first grade reading level. Words and phrases that may have stumped emergent readers have been eliminated. We recognize that students in the same classroom may not have equivalent reading skills, which is why the two levels appear virtually

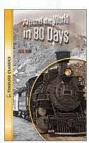

identical—on the outside. Inside it's a whole different look, with a larger font and extra white space, making these stories visually appealing with the aim to improve reading comprehension, fluency, and confidence. American Government

Hi-Lo Nonfiction Handbooks

RL: 3.5 | Grades: 6 to 12, Teen and YA | LEXILE: HL320L TO HL350L

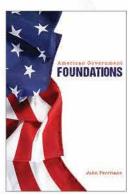

Five unique handbooks comprise this American Government series. With the confusing political discourse in today's world, it's no wonder kids tune out. How can we tune them back in? The stale descriptions in standard American government textbooks do nothing to motivate learning. The readability is too high and the language too dry. How can we make it personal? Accessible? Interesting? Even humorous? Each handbook is approximately 100 pages.
