Alexandre Dumas

Alexandre Dumas, a French novelist and dramatist, was born at Viller-Cotterets in 1802. His father, the illegitimate son of a marquis, was a general in the Revolutionary armies, but died when Dumas was only four-years-old. He received a basic education from a priest and entered the office of a local lawyer.

After he met General Foy he became a clerk in the service of the Duke of Orleans. At that time he began to collaborate with Leuven in the production of vaudevilles and melodramas.

In 1844 he produced, with the help of Auguste Maquet, his new collaborator, a famous cloak-and-dagger romance, *The Three Musketeers*, which is based almost solely on historical fact, as opposed to his other very successful novel, *The Count of Monte Cristo*, which was a product of his brilliant imagination.

Much has been written about Dumas' share in the novels which bear his name. The Dumas-Marquet series is undoubtedly the best. But the manuscripts of novels still exist in Dumas' handwriting and attest to his skill as a narrator, and he is considered by most literacy critics as "the master of narrative."

Dumas died in 1870.

ALEXANDRE DUMAS

THE MAIN CHARACTERS

In France in 1627, fighting was very popular. Rich families fought each other, the King fought the cardinal and other leaders of the church. Everyone knew that the King and Queen no longer loved each other and did not agree on anything. So the cardinal plotted against the Queen. For the smallest reason, the King's guards called the musketeers, fought the cardinal's guards. Both these groups of soldiers were famous for their ability to use the sword.

Into this disagreement, one day in April, rode M. d'Artagnan, a very young gentleman whose greatest wish was to become one of the King's musketeers. He brought a letter from his father to M. de Treville, an old friend who was now Captain of the musketeers.

When he got to M. de Treville's house in Paris, the courtyard was filled with musketeers who paid no attention to him.

A servant took him to de Treville's office.

De Treville told the three men to go, then turned to d'Artagnan.
